The Family Center is looking for a **Part-Time Therapist** who will provide evidence-based treatment to assist adult and pediatric clients in meeting their life goals. The Therapist works closely with all members of the Behavioral Health Care team and maintains a caseload of 25-30 individuals and families. The TFC Behavioral Health Services Department serves over 500 adults and children/youth annually.

Primary Responsibilities

- Provide evidence-based therapeutic interventions for adults and children
- Ensure care meets all trauma-informed best practice criteria
- Employ all evidence-based treatment models with fidelity to developer protocols
- Screen, assess and diagnose clients as foundation for person-centered treatment planning
- Participate in reflective supervision of all cases, demonstrating progressive ability to critically assess own clinical work and actively engage with clinical supervisor to address areas in need of improvement
- Timely completion of all documentation required for service billing
- Work as part of a multidisciplinary team, which includes, but is not limited to, social workers, family coordinators, psychiatrists and ancillary agencies, such as the NYS Department of Education and the Administration for Children's Services, to provide services to families and clients affected by mental illness
- Consistent follow up with all clients, and as appropriate, with families, to promote engagement and retention in services and to ensure all barriers to service access and use are addressed
- Assist clients in obtaining additional services as needed
- Provide crisis behavioral health services, crisis intervention services and crisis stabilization
- Work collaboratively with other agencies and outside providers to ensure seamless integration of services, particularly for those with acute and complex needs
- Present to community groups about clinical issues which arise when working with families with chronic/terminal illnesses, and with families headed by grandparent caregivers
- Participate in treatment and recovery team meetings to address needs of high-risk clients
- Conduct home visits as required
- Other duties as assigned

Required Qualifications

- Master's Degree in Social Work, Mental Health or Family Therapy
- Licensed LMSW, LCSW, LMHC or LMFT by the state of New York

- Minimum 4 years clinical service experience with TFC population or equivalent
- Excellent writing skills, ability to submit documentation on a set timeline
- Demonstrated success working on an integrated care team
- Thorough understanding of DSM-V mental health diagnoses and treatment approaches for adults and children
- Familiar with Evidence Based Models of treatment (MI, CBT, DBT, TF-CBT)
- Ability to provide professional, confidential services to families and function in a fast-paced environment

Desired Qualifications

- Spanish and/or Creole fluency
